

We opened our last newsletter with reflections of operating in unprecedented times. As a follow-up to that, colleagues at Cornell shared that an agreement had been reached with the federal government to immediately restore and continue the university's research funding. (For more details, [read the open letter](#) from the Cornell University president, Michael Kolitkoff.) Continue to support each other!

Tomorrow is Veterans Day. As I've shared in past newsletters, my Dad was a World War II Navy vet. To all veterans, thank you for your service, we are a grateful country. And thanks Dad!
